The DX-CD2™ is the newest generation of CD-ROM and DVD destruction devices offered by Garner Products, Inc., the world leader in data elimination. The DX-CD2™ is designed to eliminate all data from optical media and follows the high quality standards used in our Department of Defense (DOD) product line. The DX-CD2™ CD & DVD Destroyer is safe, clean and quiet enough for an office environment.

For pennies per disc, your organization can be assured that your digital information has been permanently and safely destroyed. With the looming liability forced upon us by the Economic Espionage Act, the Gramm-Leach-Bliley Act, and HIPAA regulations, any person or company that does not properly dispose of digital records faces a major liability. Join thousands of customers who sleep at night knowing their digital records are no longer in use and can never be used again.
