High-Speed HD-2XTE Degausser

- Economical and durable
- Generates 10,000+ Gauss (1 Tesla) magnetic field for complete erasure of hard drives and tape
- Complete erasure in ~7 seconds
- LCD numerically displays gauss level after each cycle
- On-board diagnostics ensure complete erasure with every cycle

HD-2XTE IRONCLAD®

- Generates exportable Certificate of Erasure and Destruction
- Captures JPG images of degaussed hard drives
- Verifies, records, and documents gauss level and destruction status of each cycle
