Order number	1570861	Noise level (idle operation)	60 dB
EAN Code	4026631038621	eclass 5.1	24320703
Shredder material	  	UN/SPSC	44101603
Security level (DIN 66399)		Power consumption of the motor	2100,0 W
Cutting type	particle cut	Voltage	230 V
Security level (DIN 32757-1)	Highest Security	Frequency	50 Hz
Cutting width	2,20 mm	Depth	470,0 mm
Particle length	4,00 mm	Width	595,0 mm
Intake width	130,0 mm	Height	960,0 mm
Container volume	146,0 l	Weight	80,0 kg
Cutting speed	100,0 mm/s	Colour	light grey

Technical and design modifications reserved.

This data media shredder is specially designed for shredding CDs and DVDs with the highest security requirements. Its induction-hardened solid steel cutting rollers are impervious to staples and paper clips and guarantee long service life. The powerful motor guarantees a high cutting capacity as well as reliable operation even under continuous load. The keypad with LED display enables you to easily operate the machine and view the operating state. An integrated light barrier starts the device automatically and switches it off again after the paper feed ends. The machine also switches off automatically when the waste container is full and the door is open. The automatic reverse rectifies paper jams and ensures smooth operation. High user safety is guaranteed by the folding safety element, which prevents unintentional intake. The removable reusable collecting bag helps make it easy to dispose of shredded materials. You can set the machine to standby mode and save power using the on/off switch. The high-quality materials and proven quality "Made in Germany" guarantee you security and long service life.
