

HSM ProfiPack P425

HSM ProfiPack P425 packaging machine

This robust and performance-optimised packaging machine is used to process a number of layers of cardboard into a padding mat or padded filling material. The professional device is mobile on steering rollers and can be used with total flexibility.

Product information

The high-quality materials and the proven "made in Germany" quality guarantee safety and durability.

The induction-hardened solid steel cutting rollers are wear-resistant against cardboard staples and guarantee durability.

The user can adjust the feed-in speed exactly as required.

The infinitely variable adjustment of the working width with a scale allows the production of cushioning material exactly as required.

Technical data

Order number:	1531154
EAN	4026631062596
Cutting speed:	170 mm/s
Power consumption:	1980 W
Voltage / Frequency:	220-240 V / 50-60 Hz
Intake width:	425 mm
Loading height:	20 mm

Noise level (idle operation):	ca. 60 - 62 dB(A)
Width x Depth x Height:	770 x 570 x 1040 mm
Weight:	160 kg
Colour:	iron grey, light grey
