

KOBRA FLEXPACK

Cardboard Packaging Shredder

Throat width:
427 mm

Shreddable materials:
Cardboard

Cardboard Capacity
(depending on thickness):
up to 3 cardboard layers

Cutting Speed:
210 mm/sec

Noise level (idle operation):
58 dB(A)

Voltage:
230 Volt / 50-60 Hz

Power:
2100 Watt

Dimensions (WxDxH):
68 x 51 x 117 cm

Net weight:
140 Kg

ECO-FRIENDLY RECYCLING SHREDDER

Kobra Flexpack enables to transform used cardboard boxes into padded filling material and padding mats either as a packing/cushioning material or as a filling material to fill hollows. Flexpack simultaneously cut and perforate cardboards and turn them into high-quality packaging material. This will help to save cost, time and to protect the environment.

KOBRA FLEXPACK is ideal for anyone looking for an ecological and economical solution when it comes to packaging material.

- Kobra Flexpack **CAN PROCESS UP TO 3 LAYERS OF CARDBOARDS** (depending on the thickness) into padding mats from corrugated cardboards or into compressed filling material for secure deliveries of difficult to pack and/or heavy items regardless of any piece of metals or staples.
- The **CUSHIONING VOLUME OF THE PACKAGING MATERIAL IS ADJUSTABLE** through a specifically designed robust plate on the back of the throat.
- Kobra Flexpack has an **ADJUSTABLE WORKING WIDTH WITH SCALE** enabling the user to optimize the measure of the packaging material. Moreover, it has a large and convenient support table ensuring easy operation.
- Kobra Flexpack carries the latest **TOUCH SCREEN TECHNOLOGY**, the most technologically advanced on the market today. It shows a remarkable touch screen keypad where functions are activated by simply touching the panel. Flexpack also shows an LED loading meter indicating the work load of the machine.
- The unit produces **VERY LOW NOISE LEVEL ON A 24-HOUR CONTINUOUS DUTY OPERATION** and carries a very high-efficient motor that can save considerable electrical energy cost.
- It stands out for its **STURDY AND ROBUST KOBRA POWER UNIT** and for its Kobra **HIGH CARBON GRADE STEEL CUTTING KNIVES**. It plugs into a single-phase power supply.
- Kobra Flexback is a stand-alone/free standing unit equipped with an elegant **EMERGENCY OFF SWITCH** for user safety.
- It is easy to move as it is **EQUIPPED WITH CASTORS** and **PARKING BREAK**.
