MAIN FEATURES

Touch screen shredder, all controls are activated by simply touching the panel. Double motor drive technology: equipped with two 24-hour continuous duty motors without overheating and duty cycles, two separate sets of cutting knives (one for paper and one for CDs/DVDs). Carbon hardened cutting knives unaffected by staples and clips. Motion Sensor and Energy Smart® System for maximum power saving, EPC System displays real-time shredding load and helps the operator to optimize shredding efficiency.
