High security shredder suitable to shred classified and "Top Secret" documents. Features a special dedicated manual mechanism which allows to shred classified documents also in case of no power supply (emergency, military or terrorism attacks). Equipped with "ENERGY SMART" system with optical illuminated indicators for **power saving stand-by mode** and **environmental protection**. Approved by many International Governments and Military Bodies, it's also being used by the US Department of States, the CIA and the National Security Agency. A special cutting system can shred an A4 sheet in about 20.000 microchips which become absolutely unreadable even if special electronic optical microscopes are used. Meets NSA CSS Specifications 02-01. The **Kobra "Accu-Flow"** automatic oiler is available as an option on this model.
