* Capacity varies on supply power, weight, quality and grain of paper, operating temperature and blade lubrication

Cross-cut shredder with a **transparent opening lid** and automatic suspension closing. Shredding capacity of up to 8 sheets at a time by just inserting them into the throat on the front. Shreds **CD-ROMs, DVD and credit cards** by inserting them into the 2nd throat. **Two separate sets of cutting blades**, one for shredding paper and the second for CD-ROMs, DVDs and credit cards, allow to feed the shreds into two separate integrated removable bins which need no bags and keep shredded paper and plastic separate.

- Transparent opening lid with automatic suspension closing
- 2 shredder functions: up to 8 sheets of paper at a time or CD-Roms, DVDs and credit cards
- 2 separate sets of cutting blades: one for paper and one for CD-ROMs, DVDs and credit cards
- 2 distinct integrated removable containers to separate shredded paper and plastic and no need for waste bags
- "Mobile Protection System" security with dual electronic sensors which cut off machine operation as soon as the lid is raised
- Wide throat at the front for convenient shredding of flat sheets of paper
- "Energy Smart" System: power saving stand-by mode
- 24 hours low noise continuous duty motor without overheating or duty cycles
- Automatic reverse system in case of jamming
- Automatic Start/Stop through electronic eyes with stand-by function
- Automatic stop for bin removal
- Carbon hardened cutting knives unaffected by staples and clips
- Motor thermal protection
- Certification marks: CB – CSA - CE
- Manufacturer: Elcoman – Via Gorizia n° 9, 20813 Bovisio Masciago - MB - Italy
- Packaging: 1 unit per box
- EAN barcode: 8 026064 991124

Opening cover
with automatic suspension closing for disposing of CDs, DVDs and credit cards using the dedicated throat and also for removing any blockages.

2 distinct integrated removable bins for separating shredded paper and plastic from CDs, DVDs and credit cards. Transparent window on the front makes it simple to check the level in each bin. No need for plastic bin bags.

1: shredding sheets of paper
Shred up to 8 sheets of paper at a time by inserting them into the throat on the front.

2: shredding CDs, DVDs and credit cards
Lifting the cover, insert CDs, DVDs and credit cards in the second throat, close the cover and the machine automatically starts to shred data support media.
