

LEITZ IQ OPTIMAX RANGE

A new spin on paper shredding

*OptiMax tested with and without bin rotation technology.

LEITZ IQ OPTIMAX P5 PAPER SHREDDERS

Ideal for everyday home and office use

The Leitz IQ OptiMax range delivers a powerful and secure shredding experience, combining advanced functionality with a compact and space-saving design. Featuring innovative **Bin Rotation Technology (BRT)**, OptiMax shredders offer up to **45% more bin capacity**, reducing the need for frequent emptying and increasing overall efficiency.

Key Features

- Up to **550-sheet bin capacity** and up to **+45% boost** from Bin Rotation Technology (BRT).
- **High-security DIN P5 micro-cut** for maximum protection.
- **Compact design** fits seamlessly into any workspace.
- **Accurate 'bin full' indicator** activates only at 100% capacity.
- **Illuminated, transparent bin** for easy monitoring and mess-free emptying.
- **LED control panel** for simple and intuitive use.
- **Ultra-quiet operation** minimizes distractions at work or home.
- **Shreds staples and paperclips** no need to remove before shredding.

No BRT = shredded paper peak

BRT = even paper distribution

Bin Rotation Technology (BRT)

The unique rotating bin ensures flat and even paper distribution, eliminating shredded paper peaks. This allows up to 140 extra A4 sheets to fit in the bin before it requires emptying.

Model	Code	Sheet capacity (A4)	Bin Capacity with BRT (A4)	Bin Capacity Increase with BRT	Bin Size (L)	LED Display	Run time (min)	Size (W x H x D) (mm)
OptiMax Home Office 225	83580000	6	225	+45%	15	-	20	332 x 573 x 314
OptiMax Small Office 350	83590000	8	350	+33%	22	Rotating	20	384 x 630 x 392
OptiMax Office 550	83600000	10	550	+33%	35	Rotating	120	380 x 710 x 380
