

20452

A high general level of performance is the key-note for this shredder. Whether large quantities of continuous stationery or the entire contents of a waste bin require quick and efficient disposal, this shredder is the right tool. It goes without saying that a central location is the most appropriate place.

Robust all-metal construction. Three fold-away shelves at the front facilitate the feeding of continuous stationery. The integrated feeding funnel makes it possible to empty the waste paper basket directly into the shredder - without any mess. Emptying the shred waste is not an effort thanks to the movable wooden waste container (accessory: waste bag no. 20751). User-friendly control panel. Cutters are made of special steel and cope with paper clips and staples.

- 5 years warranty against cutter-fracture
- 2 years function warranty if used in accordance with manufacturer's instructions.
- This model is also available as a 230 V version with modified data.

Feed width:	450 mm
Shred capacity A4 70 g/m ² :	85 sheet
Shred capacity A4 80g/m ² :	68 sheet
Shred size:	6 mm
Security level:	2
Operation:	manual
Shred speed:	12,5 m/min
Waste volume:	190 Litre
db (A) when idle:	67 db
Motor:	3000 Watts
Voltage:	400 V
Dimensions:	1600 x 730 x 760 Hx- WxD/mm
Weight:	325 kg

THIS SHREDDER - is suitable for destroying cheque cards.
